St. Louis, April 19.—Passengers who passed through Marshfield, on the St. Louis and San Francisco railroad, at 8:30 o'clock last night, give a few facts concerning a terrible disaster which occurred there yesterday. A man who came to the depot, at the edge of the town, while the train was there reported that at 6:30 o'clock a furious hurreported that at 6:30 o'clock a furious hurricane struck the place and levelled all that
part of the town lying west of the
centre square flat to the ground. The
débris immediately took fire in several places, and the flames could be
seen at some half a dozen points by passengers on the train. Forty dead bodies
had been taken out, and many more were had been taken out, and many more were supposed to be buried in the rules or burned up. There were also many living persons still imprisoned in the débris of the falling buildings. All the physicians of the town were killed except two, and there was great need of doctors to attend the wounded, of whom it was said there were some two hundred. A relief train, with twenty physi-cians and nurses and full of supplies, left Springfield, Mo., this morning for Marshfield, and probably other trains will arrive during the day. The storm was general in Southwestern Missouri, and other places probably suffered, but as all the telegraph wires are prostrated no advices bave been Violent hail and rain accompanied the wind. Sr. Lours, April 19 .- A special to the Mr. Davis of Illinois, from the Committee on the Judiciary, reported a bill to provide tornado which caused such fearful havoc at tornado which caused such fearful havoc at Marshfield last night passed through Green and Webster counties, following the course of James river in a northeasterly direction. It struck the St. Louis and San Francisco railroad in four places, and left it near Frank's station, one bundred and ten miles this side of Marshfield. The latter place presents a terrible appearance, there not being more than a dozen houses unharmed in the place. The court-house and many other buildings took fire, and a scene of the most dreadful character ensued. No details of the calamity have been received. The force of the wind entirely lifted trees out of the ground, and telegraph poles and wires were carried hundreds of rods into the woods, the wires being tied and knotted among the limbs of the trees as though they

were cotton strings.

Physicians throughout the country are flocking to the points most injured and doing all they can to alleviate the suffering. Scores of kind-hearted people bave volun teered as nurses. Captain Rogers, ral manager of the St. Louis and San Francisco rathroad, is sending special trains with relief wherever good can be done, and all are doing everything possible to aid the injured and dying.

during the late war a distinguished Surgeon in the Confederate States Army.

[Extract from letter of Janu. ry 29, 1880.]

In the month of August, 1879, prostrated by a severe actack of Gout, with which I had then suffered for several months, and in such a condition that I scarcely hoped ever to be able to resume active professional life, I vi hed the Buffalo Luthi Springs. I was without appetite; my digestion inserfect and the vice mo of neuralgia in all its forms; my spirits grea by depressed, and so feeble that I could walk but a short distance whom as issuance. The first noticeable effect of the water was upon the server on from my kidneys and skin, both of which were acting y ry innerfectly and fabling properly to denorate the boood. The secretion from the kidneys had been for months scatty, high-colores, of high specific grant y, or y acid in its reaction, and depositing upon standing a very brige sediment. The action of the water was apparent in forty eight hours the scretion becoming more abundant, less highly colored, and depositing less sedime 1. With the re-estable himment of a healthy tate of these two important see r ions, the great depurators of the blood, my convaisatione resident in tours.
